From the Coordinator's Desk

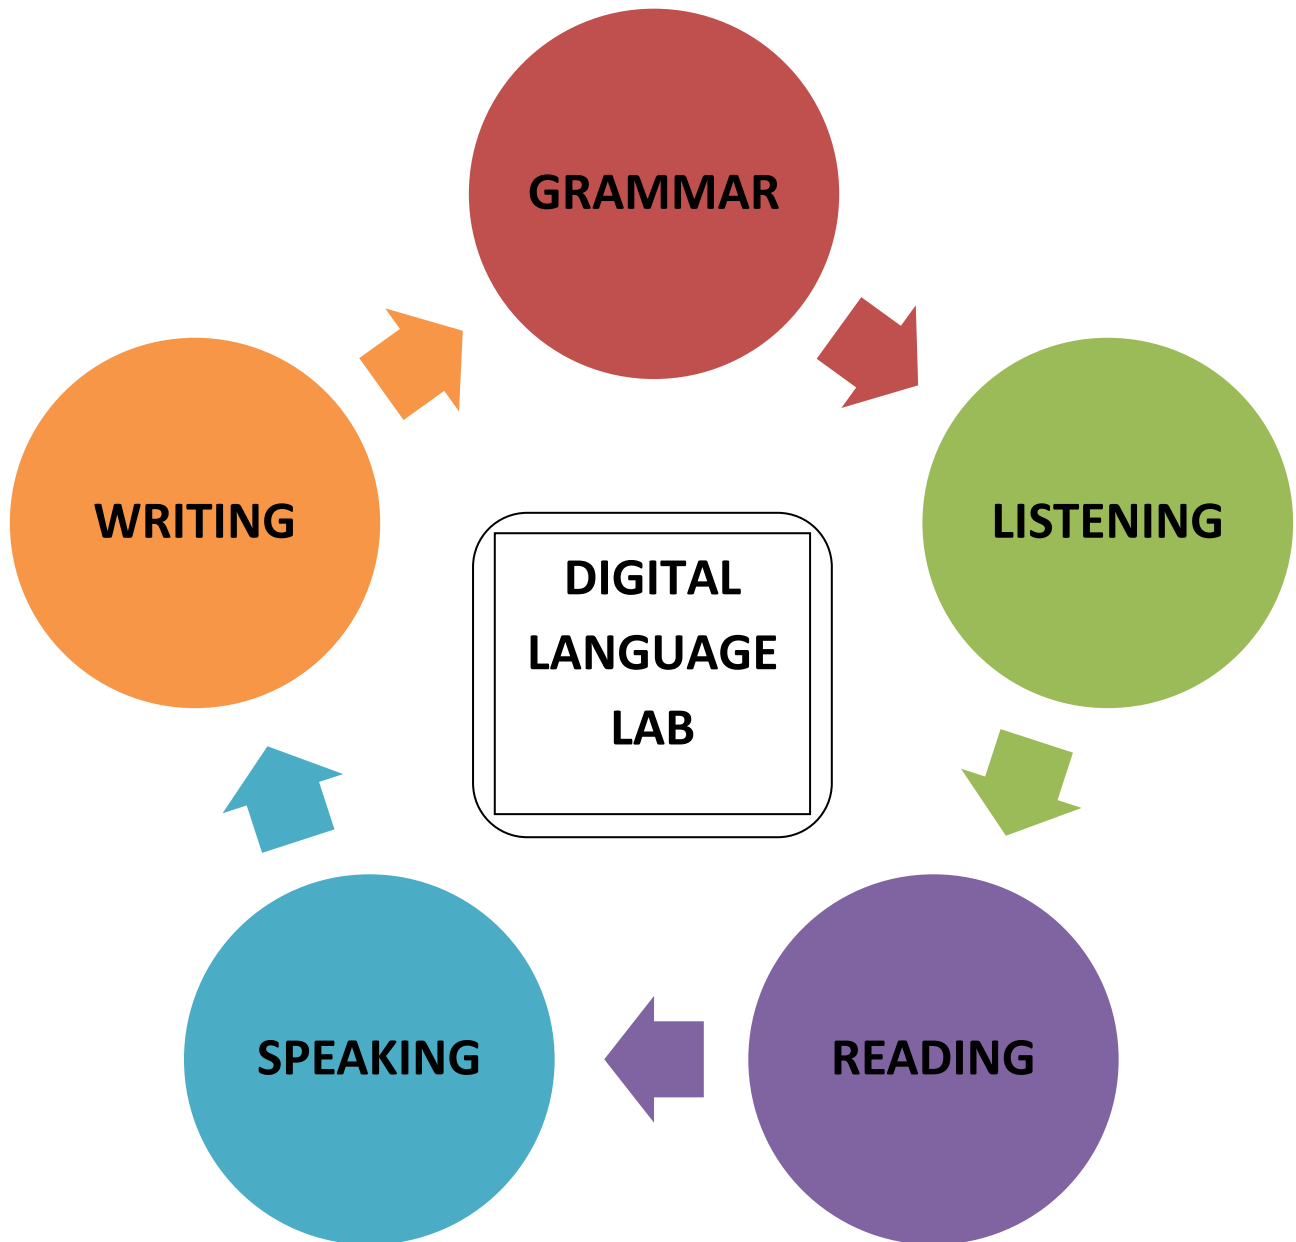

First and foremost, I sincerely show my gratitude towards the Trustee members and Principal of our college, who put their trust on me and provide me smooth and workaholic atmosphere to design this Digital Language Laboratory for the benefits of the interested students. Digital Language Lab is very essential nowadays to enhance the speaking skills as well other employability skills.

Our college is having well equipped tools in the Language Lab. Since the time of inauguration, many students have been utilizing the lab and got improvement in many skills. Students can be able to learn speaking skills in English, communication skills, personality development, interview skills, debate skills, computer basic skills, drafting skills (letters, emails), and professional etiquettes, and so on through this Lab.

We also design appropriate course content for this program. It makes the students enable to learn and develop language as well as employability skills. Students can develop various skills like language proficiency, language fluency, positive attitude, group discussion, interview preparation, communication skills, debate skills, writing skills, basic computer skills, personality development, professional etiquettes, etc. which are very essential to get brilliant employment now-a-days. I am also glad to have conscious and keen learners who are putting their valuable efforts to learn and develop their potential.
