ON FIELD TRAINING

1. GULM (Gujarat Urban Livelihood Mission) Skill Development Centre, Govt. of Gujarat
2. Diploma in Fire Safety and Care, Council of Human Resource Education, Education Department, Government of India

On field training is a part of students' participative learning. This kind hands-on training effectively engages the students with their course content. This kind of training is very effective for the students because theory taught by lecturers is directly applied at field training. Later on, this experience helps them to make individual efforts for the work they want to do in society.
